Ration distribution of 1000 bags was mostly done in Tharparkar region. Al Huda runs a number of classes in this area and we try to reach the most deserving people in the community.

Distribution was a challenge in temperatures ranging between 44-47°C but our office and field staff worked selflessly to make it happen.

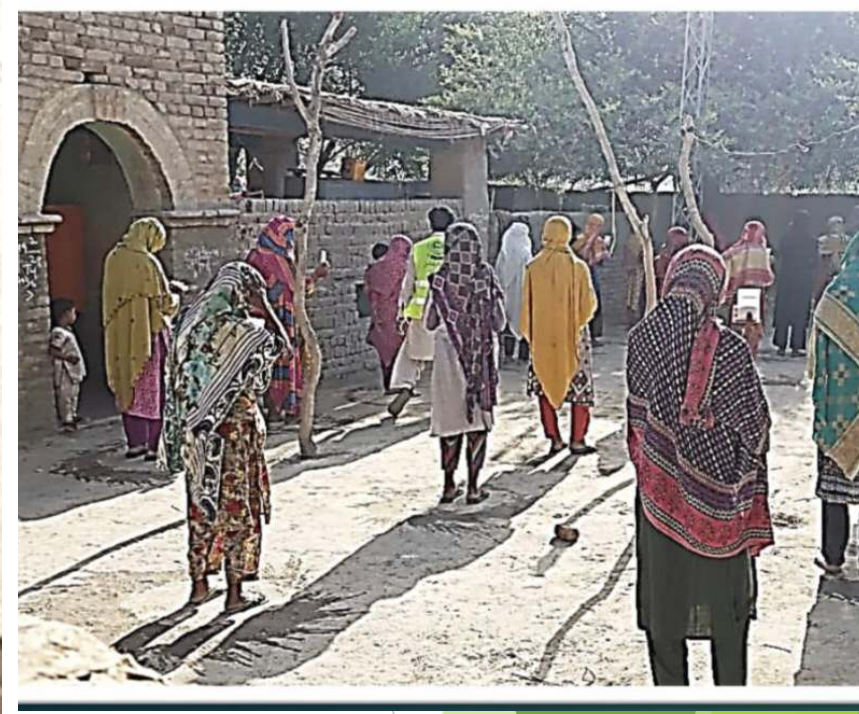

Al Huda dua cards are given to those who can read. At Al Huda Spiritual and physical needs are always balanced. Our Basic Education Program run in these areas provide Quran Nazra and character building classes for women and children. During Ramadan Daura e Quran is a constant feature across the region. This year a number of WhatsApp groups were initiated for this purpose.

# Alhumdullilah

- ▶ A great effort has been made towards distribution of ration bags.
- ▶ However, there are plenty of deserving communities that need to still be reached out to, in this time of Covid crisis.
- ▶ We profoundly thank and acknowledge our donors, well wishers and friends of Al-Huda for their continuous support and commitment to this cause. May Allah ﷻ accept it from them.
- ▶ Ameen
